

***Enhancing Child Health In Oregon (ECHO):
Advancing Transformation and the Triple Aim***
Portland State University, Smith Memorial Student Union (238)
1825 SW Broadway, Portland, OR
8:00 AM-12:00 PM

Goals

- Learn about the impact of ECHO on transforming care provided to children and adolescents
- Discuss the factors that facilitated or impeded transformation
- Identify policy opportunities to spread and sustain best practices

Agenda

- Welcome and overview – Diana Bianco, Artemis Consulting

- ECHO Project: Description and context – Charles Gallia, OHA, & R.J. Gillespie, OPIP

- What we learned/ECHO outcomes: What changed for participating practices and their patients?
 - The numbers and the stories behind the data – Colleen Reuland, OPIP
 - Reflections from participating providers: video
 - A parent perspective – Alicia DeLashmutt
 - Reflections from the practices: what helped and what got in the way – L.J. Fagnan, ORPRN

- Lessons learned for dissemination and spread – Oliver Droppers, OHA

Break

- Moving forward: How the lessons learned from ECHO can help achieve the Triple Aim
 - Group discussion on policy implications

- Reflections from legislators

- Summary and next steps

Partners

*The mission of the **Oregon Pediatric Improvement Partnership (OPIP)** is to improve child and adolescent health in Oregon through multi-stakeholder collaboration in quality improvement activities; supporting evidence-based practices; incorporating the patient voice in quality efforts; and informing policies that support health for all children and youth.*

*The **Oregon Rural Practice Research Network's (ORPRN)** mission is to improve the health of rural Oregonians by promoting knowledge transfer between communities and clinicians.*

*The mission of the **Oregon Health Authority (OHA)** is helping people and communities achieve optimum physical, mental and social well-being through partnerships, prevention and access to quality affordable health care.*
